to arrange in person registration

Trailer boats can check in at the Lakeview Promenade launch ramp. All others can check in at the Credit Village Marina Office, where the weigh-in is held.

All boats will be required to sign a waiver and have their coolers and live-wells inspected. Once inspected, the boat will receive a number. It must be displayed at all times during the derby, and it must be provided with the cooler at weigh in. There is a six rod limit.

6 am shotgun start (VHF Channel 17). All boats must stage in the river-mouth, no further south than the Ridgetown. All boats must be inside the pier heads and off-plane by 12 pm. Late penalty is five points per minute.

Tournament scoring is 10 points per fish, plus total weight in pounds. Weigh-in begins at 1 pm (or sooner).

This is a friendly competition. We value the excellent community support we get, and all of our 'staff' are volunteers. Please respect others on the ramp, in the harbour, and on the water.

Parking is very limited in Port Credit and traffic is heavy on Saturday afternoons. Many parking lots we normally use are closed due to construction. Trailers should be parked at Lakefront Promenade Park, which is in Lakeview.

Many people launch at Lakefront Promenade Park on the Friday and park their boats overnight at Port Credit Village Marina. If you want to do that, call the Marina at 905-615-4880. Slips go on a first come, first served basis.
